

SECRET

21 October 1966

MEMORANDUM FOR: Mr. Walter Pforzheimer
OCR Member
DDI Historical Board

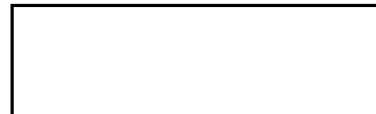

FROM : Chief, Liaison Staff, OCR

SUBJECT : Outline of a Proposed History of the Liaison Staff

Attached is a Chronological Index of the Liaison function within the DDI which is presently conducted by the Liaison Staff, OCR.

This Index has been prepared to serve as an outline which may be used for a proposed history of the Liaison Staff. The files of this Staff are presently lacking with respect to some specific dates and certain descriptive activities of Liaison particularly in the early years of its establishment. The items in the Index, however, which bear an asterisk are ones upon which narrative portions could be prepared in depth, if so desired, dependent upon historical information available.
